VOL. XXII, No. 2 - February 1967 GRANT SUPPLEMENT NO. 1

The Medical Library Assistance Act of 1965 (Public Law 89-291) authorizes programs of financial support to assist in meeting the Nation's need for adequate medical library services and facilities. The Act established grant programs for construction, resources, training programs, traineeships, post-doctoral fellowships, research projects, special scientific projects, publications, and regional medical library programs.

MEDICAL LIBRARY RESOURCE GRANTS

Medical Library Resource Grants are awarded by the Surgeon General of the Public Health Service to public and private nonprofit institutions for the purpose of expanding and improving their basic medical library or related resources. The program is administered by the PHS's National Library of Medicine through its Extramural Programs.

The 58 grants listed below have been awarded to institutions in 30 states and the District of Columbia; they are the first such awards under the new program. All grants are made for the period from 1/1/67 through 12/31/67, unless otherwise noted.
